Feedback Analysis Report (AY 2021-22)

I. Preamble

It is the practice followed in our Institution to obtain feedback from the students about Academic / Curriculum / Co-curricular / Administration activities / Infrastructure etc. for the holistic development of the institution. The various source of feedback collection in the Academic Year 2021-22 are:

- Student Feedback (about the course & course teacher) during the semester.
- Feedback on the Curriculum from Students, Alumni, Faculty, Academic Peers and Employers
- Exit survey from graduating students

These feedbacks are collected and collated in the Department level/Institution level and important suggestions / comments / remarks given by the stakeholders on the curriculum & syllabi and other administration activities shall be considered for further course of action.

The curriculum feedback taken from stakeholders (student, faculty, alumni, academic peers, employers) are collated and discussed at the Department Level.

The feedback inputs are given by the Department Head to the BoS members, who take the inputs into consideration for changes in curriculum. The BoS then deliberates the curriculum changes and forwards it to the Academic Council at University level for its approval. The Academic Council approves the changes which are then endorsed by the Board of Management/Executive Council and the changes are implemented in the curriculum from the forthcoming session.

Action Taken Report

Feedback from different stakeholders (students, faculty and employers) was taken with a view to identify need for curriculum change. Department Head shared the results of the feedback with the Board of Studies members. The BOS members deliberated and identified the changes required in the curriculum of the program.

The BOS committee proposed the following changes:

1. Unnecessary continuous changes to Course Outline are avoided. MPC deliberations now allow dynamic interactions over latest developments in relevant law.
2. Seminars and workshops were organized under the mentorship of the alumni.
3. Tutorial component to be added for each course with 3 or more credits to enable application of the concepts taught in a particular course.
4. Keeping employer feedback in mind, the campus is working on providing practical industrial training the college is further trying to fill the gap between theory and practical. Thus, the college decided to conduct more add-on courses, crosscutting issues, IVs, projects, seminars, presentations, Research, workshops, Research publications, participation in various academic, curriculum, and co-curricular activities.
5. To focus more on the emerging areas of law Including Cyber Law ,Marine Laws etc.
6. There shall not be repetitions in subjects(Example Industrial law, employment law where much of the syllabus is same).
7. Special focus was now given on Alumni Outreach activity to bridge gap between industry and law school even better.
